

Panavision Antenna Array

WWPC - PVAP-ANTA

Key Features

- Using 5GHz band.
- Increasing the range by approximately 3 times when used with PVRX.
- Easy to attach to the PVRX.
- Using 5 x super high gain antennas for maximum range.
- 12DCV using 5 watts total with PVRX.
- Dual HD-SDI outputs on the PVRX
- Auto diversity for ease use.
- Using C-Mount spigot.
- Dimensions 445 x 520 x 70 (mm) and the mass weight (body only) 4.5kg, (without PVRX).
